## Recent Projects

hopeformen.org

HTML+CSS, Tailwind, JavaScript, Docker

Charity dedicated to supporting male survivors of sexual trauma. I developed the main website, working closely with the design team and backend developer to ensure timely completion and seamless functionality for the launch.

techriserswomen.com

HTML+CSS, JavaScript, React.js, Git

Initiative to support women in tech. I developed a comprehensive concept, designed and developed the website, and created all the content.

101parttimejobs.com

HTML+CSS, JavaScript, React.js, Next.js, Git

Regular contribution to upkeep and updating of this music podcast website, built with Next.js, utilising Megaphone API. Recent projects involve a customised audio player and pagination.

janecorryauthor.com

HTML, CSS, JavaScript, React.js, Bootstrap

Responsive website, custom-made to match the author's style. Including a dynamic slideshow animated flash videos and a typewriter animation
